Numerous correspondences have been sent to USA Swimming for Confirmation that the 32.07 in the 50 Meter Backstroke set by Vincent Marciano at the 2012 Condors May Meter Matters Meet is a National Age Group Record. While NJ Swimming have received no Official word from USA Swimming, the 32.07 in the 50 Meter Backstroke has been reported by Swimming World Magazine as a National Age Group Record.

There have been several meets posted in SWIMS that are out of state or out of country. Times that are posted in SWIMS do not necessarily constitute a record. As a reminder, the NJ policy for out of town meets the records chairs should be receiving a request for the record.

Out-of-Town Meets:

The club shall secure an official meet result, in the form of the post-meet backup from the Meet Director (not an Internet copy) and send it to the NJS Administrative office and Records Chairperson as soon as possible. An official copy of the meet results is required for verification.

As an alternative, if the time be submitted is from a swim that has been recorded in the SWIMS database, the requestor is only required to submit the request to the records chair indicating that the time is in SWIMS and the date, place and time of the swim.

If there are any out of state records or records missed that need to be recognized forward a request to the Records Chair at: ACCEBARRY@aol.com
